

## Press Release

FOR IMMEDIATE RELEASE

### **INS Digital Media Announces Joint Marketing Agreement with InsureZone**

**February 9, 2007** - INS Digital Media LLC, an insurance industry web design and marketing company, today announced a joint marketing agreement with InsureZone, Inc. of Ft. Worth, Texas. Under this agreement, INS Digital Media will market the InsureZone/AgentSecure **LEADS 2.0 Real-Time Agency Website Quoting Service** to existing and new customers and InsureZone will use INS Digital Media as its preferred agency web developer for its current and new customers.

Provide real-time rates to anyone in the world 24 hours a day with LEADS 2.0. InsureZone now can enable your agency website to provide real-time comparative quoting from multiple national carriers to visitors of your website. Your agency now gets access to quoting carriers you represent and those you don't because InsureZone contract codes are used. This service does require the agency to be approved as an InsureZone/AgentSecure agent for LEADS 2.0.

About INS Digital Media LLC:

INS Digital Media LLC is a leading website and web marketing company for the insurance industry that delivers professional insurance websites, web hosting, email service, internet advertising, and search engine marketing to insurance agents and brokers. For more

information about INS Digital Media, please visit [www.insWebsites.com](http://www.insWebsites.com).

About InsureZone/AgentSecure:

Formed in 1999, InsureZone was funded by Buena Venture Associates with a mission to quickly and easily enable financial institutions, web portals, and other businesses to offer insurance services to their customers nationwide. Endorsed by 31 State Big I Associations, InsureZone/AgentSecure lets you write small commercial insurance policies with national carriers and earn competitive commissions, all using our single entry web interface. For additional information about InsureZone, please visit [www.insurezone.com](http://www.insurezone.com).
